

We are mainly on the **2nd floor of the E building** (all rooms with “E2.”)
The opening panel is in the **L-building**, the Friday panel is in the **O-building**.

All (parts of) buildings on the Paderborn University campus are assigned letters, which are located on the respective external facade and above the elevators. In the case of multi-digit numbers after the letter, the first number indicates the floor and the numbers after the dot indicate the room number (e.g. W1.101 = Building W, 1st floor, room 101). A number after the letter refers to a lecture hall (e.g. A1 = lecture hall A1), whereby these lecture halls are usually located on the first floor. There are also “free-standing” lecture halls that do not have an additional number (e.g. G or the Audimax (AM))
